To whom it may concern,

I would like to highly recommend Tim Dunne as a broker, he has really helped us out by doing everything he can to lease one of our suites.

We had a vacant suite that had been sitting idle for many years, that needed some work. I hired Tim Dunne in 12/14 to help lease this suite. He had prospects right away and my new tenant shortly after. Not only did Tim lease the property, but he was able to get me a contractor to renovate the suite to the customer's needs on a tight deadline. The contractor he recommended did a fantastic job and met the deadline.

Tim Dunne did a great job, and always communicated any information he had and a pleasure to work with. He listened to what I wanted and found me a great tenant.

I will use him again when needed.

Yours truly,

Mark Whitlow
